

Liftlogy

YJFD1PCP

Professional Skin Care

This device has 3 modes: Aging, Acne, Daily. All can be applied to the face and eyes delivering lifting, brightening, acne control, and wrinkle-reducing effects.

Innovative Wide Lift Head

The head has seven three-dimensional and curved electrodes that fit snugly against the skin and lift easily

Multi-Frequency EMS Lift Technology

16 frequencies stimulate multiple muscle layers

• Enhances absorption by 28x.

Enhances the penetration by using the Hyper-Conductive Thermal Technology

• Multiple LED light

The proprietary *Whitening Green Light / Red Light / Red & Blue Light system delivers over 10 mW/cm² of skin-level energy density

• Arch-shaped treatment head

A dedicated acne care chamber, wrapping around blemishes with 180° focused intense light to accelerate pimple flattening

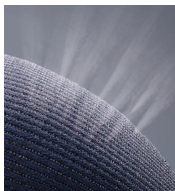

Aurora Yellow Mask

JYMF1NCP

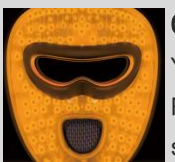

Salon-Identical Light Technology

360 spherical beads, 1 cm distance to face, delivering powerful and uniform energy.

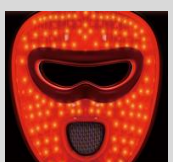

Innovative Knit Fabric

Soft, breathable, foldable for easy storage

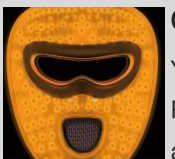

Cure

Yellow Light & Near-Infrared Light
Repair sensitivity and maintain skin stability

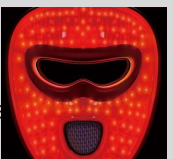

Sooth

Yellow Light (590nm) + Red Light (630nm)
Quickly repair redness and fade acne scars

Glow

Yellow Light (590nm)
Reduces dullness, evens skin tone and restores natural radiance

Firm

Red Light (630nm) + Near-Infrared Light (850nm)
Boosts collagen production, smoothes fine lines, firms and lifts skin

*Zoned Care

Partitioned light sources enable precise APP-controlled treatment for forehead, eye area, and cheeks.

At-Home Hydra Facial Device

Negative pressure vortex Hydropower technology

Deeply cleanses pore impurities, removes blackheads, regulates skin's oil-moisture balance

Multi-functional

penetration enhancement , Cooling for skin soothing
DML dynamic facial lifting, Hyper-Conductive Thermal Technology,
red light & yellow light, microcurrent for skin refining.

• **Modular and compact design**

User-friendly, One-handed operation

• **Highly effective Treatment**

Extra-large electrode heads enable more efficient delivery and maximize penetration. Contours fit the face enabling efficient treatment while also providing delicate care around the eye area.

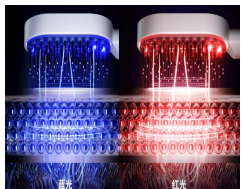

• **4 modes in 1 device**

Deep Cleaning mode, Self-cleaning mode, eye & face Infuse mode , pore care mode

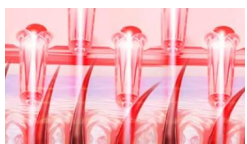

Scalp Care Device

Multi-functional

Anti-aging and Hair loss prevention for scalp: 655 nm red light

Anti-inflammatory for the scalp: 470 nm blue light

High efficiency

Innovative transparent light-guiding comb teeth ,Light passes directly through the teeth to the scalp, acting on the hair follicles

• More Effective

33 red LEDs at 655 nm & 8 blue LEDs at 470 nm, Higher power density, reaching 5 mW/cm² at the scalp

• Outstanding Design

Sleek overall design with Air - cushion design for comfortable scalp massage and tangle - free combing

• Lightweight body

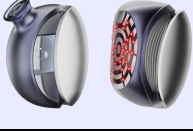

Less than 200g for fatigue - free grip. Portable for home and travel.

• Eye - sa

f skin - contact activated red/blue lights .
